

# Montana's Race to the Sky – February 9-13, 2024

## A Montana Tradition since 1986

## Montana's Premier Sled Dog Races

The 2024 Race to the Sky is our 39th year bringing people from all over the country to Montana to watch the teams compete. Our race is a fun, family-friendly event.

We educate the public and preserve the role dogs played at Camp Rimini War Dog Reception and Training Center, formerly near Helena. The facility was used to train sled dogs during WW II for the Invasion of Norway, and was later used for search and rescue operations. In total, there were approximately 800 sled dogs, 150 pack dogs and about 126 soldiers stationed at Camp Rimini. We commemorate these heroes every February.

Each year, mushers go to schools to talk about the dogs, the sport and the historical use of sled dogs. We have an educational traveling trunk and a Race to the Sky booklet available to teachers to help promote teamwork and learn about Camp Rimini and dog mushing. There are hands-on educational activities and projects involving math, writing, history and art. We love working with students!

Montana Sled Dog, Inc. is a 501(c)3 nonprofit corporation. It sponsors Race to the Sky since the beginning in 1986. Race to the Sky is one of only a few races in the lower 48 deemed Iditarod qualifiers.

Your contribution is tax deductible and will be used solely to put on the race. It takes a small army to put on the race each year. We need your help. Join our team as a sponsor, volunteer and/or spectator and join the excitement!

## Sponsorship levels

<b>Lead Dog</b> , 2 chute banners, social media posts, website and program ad	<b>\$15,000</b>
